Dear Chairman Granger and Ranking Member DeLauro,

I am requesting funding for the Kanab Cave Lakes Spring Redevelopment Project in fiscal year 2024. The entity to receive funding for this project is the U.S. Army Corps of Engineers. The funding would be used to redevelop 10 springs and update the water line connecting the springs into the City's water system. The project is an appropriate use of taxpayer funds because the Cave Lakes Spring Redevelopment Project will restore Kanab's most resilient and enduring water sources. Capturing water from the Cave Lakes Springs will ensure continued economic growth within the region and protect the water that is critical to the region. Without assistance on this project, Kanab will risk losing access to drinking water from the springs at Cave Lakes.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Chris Stewart  
Member of Congress
